1st FACE
Online Symposium

Welcome to our 1st FACE Online Symposium

Dear Colleague, dear Doctor,

first of all, we wish you a happy and prosperous new year 2021! After a very successful FACE Symposium in Vienna in 2018 we had planned to make the next FACE Symposium happen in November 2020 in Miami. To our deep regret our plans were stopped by the Covid-19 pandemic – as it happened to all other orthodontic conferences last year.

Since the beginning of the pandemic FORESTADENT invested a lot to create an e-learning platform for orthodontics – <https://www.forestadent-campus365.com> – which then finally was launched early in December. Neither the FACE group nor FORESTADENT is standing still to wait

if things return to what we knew before. The world changed rapidly since spring 2020, we all had to adapt and find new ways for continuing education events and our day-to-day life.

As bigger personal meetings and travelling to other countries will remain difficult for many more months we have decided to set up the 1st Online FACE meeting. The FACE group together with FORESTADENT is proud to invite you today to join a two-day-experience with about 20 clinical experts from different continents.

We will be happy to meet you online on February 26 and 27, 2021 and we continue to be true to our FACE motto “work hard – play hard”.

Yours

Domingo Martin & Stefan Foerster
